Workshop III Agenda

Meeting Time: 6:30 pm, October 22nd, 2020

This workshop will be fully online

Software Needed for Workshop:

- If using Windows install Windows Subsystems for Linux (WSL) and choose a Linux Distro from Microsoft app store.
    - Debian
    - Ubuntu
    - Kali Linux
- If using Mac or Linux, open the Terminal

Lesson Plan:

- We're going to be going through various Linux commands in BASH
    - Navigating Directories (cd, ls, pwd, etc.)
    - Directory & File Management (mkdir, rmdir, rm, cat, cp, mov)
    - Other important info (sudo, "|", man, package managers)
